The Single Use Plan:

- Refers to plans developed for a one-time project or event that has one specific goal or objective.
Standing Plans

- Standing plans are often developed once and then modified to suit the business' needs as required.
- Examples of standing plans include policies for employee interaction, procedures for reporting internal issues in the company and regulations in terms of what is allowable and what is prohibited in the business.
Contingency planning:

• Plans created to deal with events that might come to confront the organization (natural disasters, terrorist threats) alternative courses of action that are to be implemented if events disrupt a planned course of action.
Summary

• **Contingency plans**
  Plans that deal with alternative courses of action.

• **Single-use plans**
  Plans developed for unique situations or problems and one-time use.

• **Standing plans**
  Rules, policies, and procedures about how to deal with issues that managers face repeatedly.
Conclusion

• Every Plan of these three plans are important to any business manager to be able to deal with any scenario that faces you caused by your business environment or economic state, etc.
